Project Description:

At PetCare, we believe pets are family, and they deserve the best care possible. Our platform is designed to make pet care easy and accessible for all pet owners. Whether your furry friend needs professional **grooming services**, you're looking to expand your family through **pet adoption**, or you need expert assistance from a trusted **veterinarian**, PetCare Haven has you covered. Our streamlined system allows you to book services, access support, and find the perfect pet companion—all in a few clicks. With a commitment to excellence, advanced tools, and a team of compassionate professionals, we ensure your pet's happiness and well-being every step of the way. Discover a place where care meets convenience, and your pets thrive like never before!

Technology Used:

Frontend Technology:

Framework: React Js.

State Management: Global states like user authentication handled using Redux or Context API.

API Integration: Axios or Fetch API for back-end communication.

Backend Technology:

Node.js (RESTful API server)

Express.js: Used for routing and processing incoming requests.

MongoDB: Storage of user's information etc.

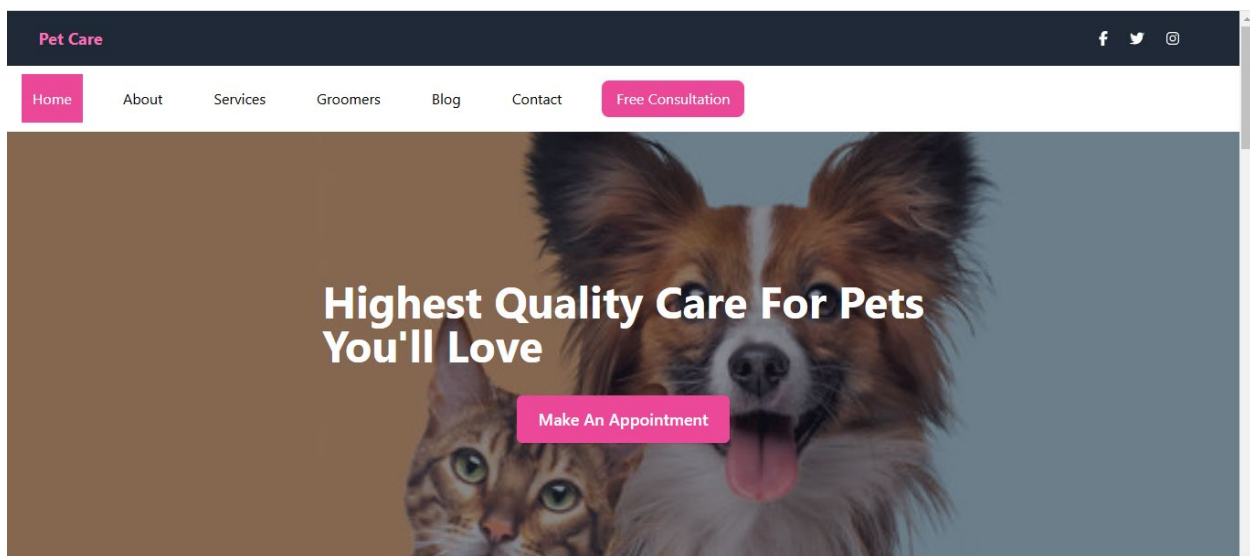

Authentication: JSON Web Token (JWT) is used to conduct secure log in, log out sessions.

Cloud Storage: Videos and other big files are hosted on AWS S3 or Google Cloud Storage.

Screens:

It includes a Header and Footer section. The screens available are Home, About, Services, Groomers, Blog, and Contact, as listed below.

WELCOME TO PETVET

We Are Best Agency For Your Pets

A small river named Duden flows by their place and supplies it with the necessary regalia. It is a paradisiacal country, in which roasted parts of sentences fly into your mouth.
